

## The Yashar Family

The surface mounted Yashar Low Voltage [48V] track is field cuttable and available in white or black painted finishes. This low profile track is single circuit w/ DALI control options for multi-zone configurations or 0-10V control for single zone dimming. The remote power supplies are available in a several wattages and can be powered at 120/277V. Available for Recessed, Surface, and Pendant applications.

*In addition to the low voltage version, Yashar Mains offers a 120/277V track solution w/ their own compatible track heads.*

## Key Points (YSLT-S)

### Housing

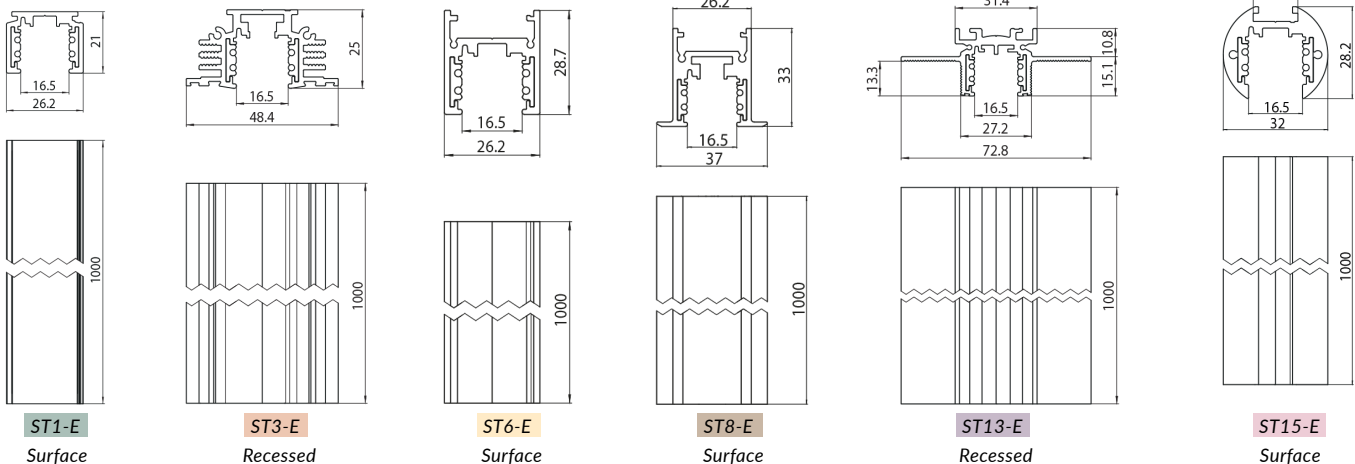

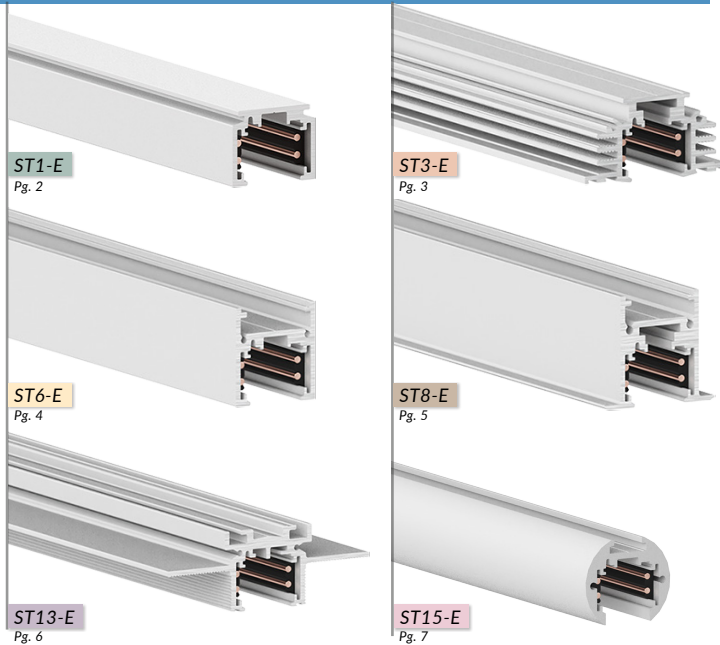

- Extruded aluminum single circuit track is available in six profiles w/ standard lengths of 4 foot (1200cm) and 8 foot (2400cm) and field cuttable to custom lengths.
- Track system components include end caps, end and joiner feeds, straight joiners, corner joiners, T-joiners and X-joiners.
- Available in black or white painted finishes

### Electrical And Dimming Configurations

- 48V track is furnished in a single circuit configuration, dimmable via DALI or 0-10V controls using the second pair of conductors to carry data (DALI) or the 0-10V signal. DALI control allows control of individual fixtures on the track, allowing for multiple control zones on a single track. The 0-10V dimming controls all fixtures on the track as a single control zone.
- Remote 48V DC power supplies are Universal (120/277V) on the supply side and available in 40, 60, 100, 150, 185 and 240 watts.

*For other wattages consult factory*

## Feed & End Caps (for all Types)

Preface all ordering codes w/ YSLT-S-  
ex:  
YSLT-S-9501/W3C  
YSLT-S-9511/B3C  
(See page 2)

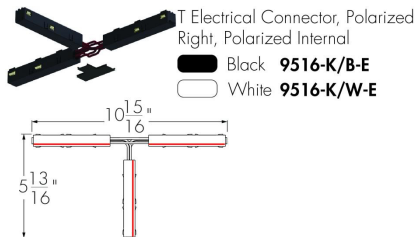

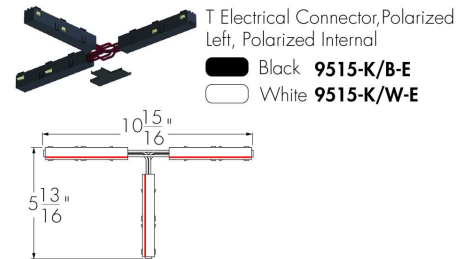

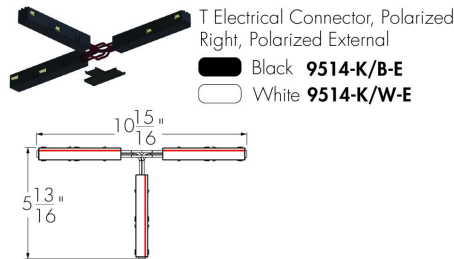

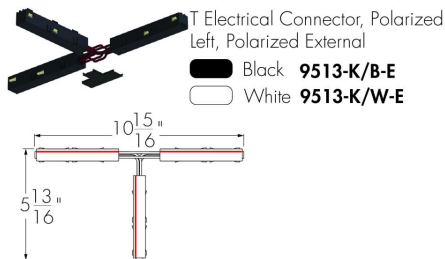

### Live End Feeds

1 x 12 in knockout available.

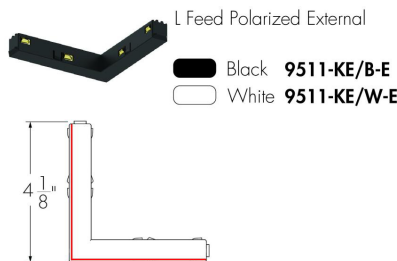

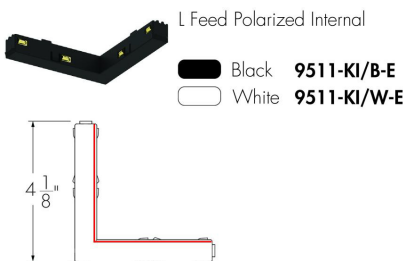

### T-Feeds

\*Must be used w/ connection accessory

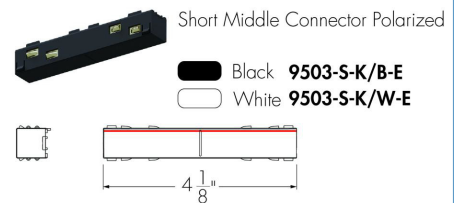

### L-Feeds

\*Must be used w/ connection accessory

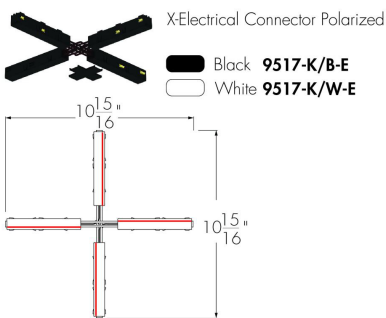

### Middle Feed

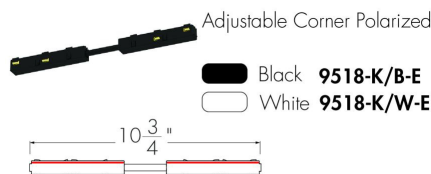

### X-Feeds

\*Must be used w/ connection accessory

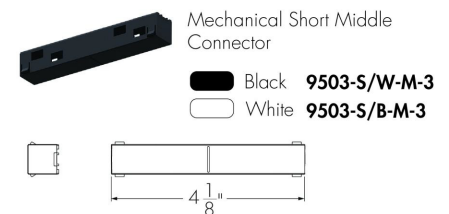

### Adjustable Corner

Used a connector for any angle that is not 90° or for 90° wall-to-ceiling angles.

### Joining Connector

Longer brackets are required for suspension above these parts. Mechanical Connector to separate track sections electronically from each other.

(Cont.)

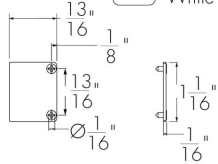

## Feed & End Caps (Continued)

### End Caps (ST1)

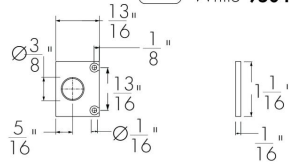

Metal End Cap for Track ST1 and ST13 with Locking Screws (not mounted)

Black **9504/ST1-B**  
White **9504/ST1-W**

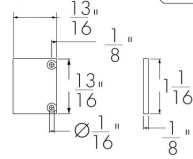

Plastic End Cap for Track ST1 and ST13 with Locking Screws (not mounted) with Central Hole for Cable

Black **9504/ST1-P-B-F**  
White **9504/ST1-P-W-F**

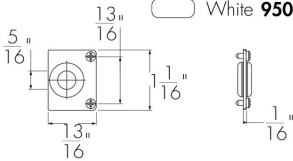

Plastic End Cap for Track ST1 and ST13 with Locking Screws (not mounted)

Black **9504/ST1-P-B**  
White **9504/ST1-P-W**

Metal End Cap for Track ST1 and ST13 with Locking Screws (not mounted) with Central Hole and Gasket for Cable

Black **9504/ST1-B-F**  
White **9504/ST1-W-F**

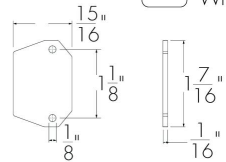

### End Cap (ST3)

End Cap for Track ST3 with Locking Screws (not mounted)

Black **9504/ST3-B**  
White **9504/ST3-W**

Preface all ordering codes w/ YSLT-S-  
ex:

## Suspension Accessories for Non-Power Suspension Points Stem/Bar Step 2

### Short Pendant Bracket [M6 Bar] (ST13)

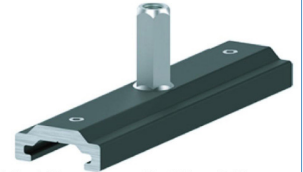

-  Black **S-9000/312-M6-B**
-  White **S-9000/312-M6-W2**

To be used with Steel Cable with M6 Threaded End (Suspension Kit P3 or P4).

### Pendant Bracket [M6 Bar] (ST13)

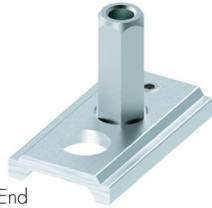

-  Black **S-9000/322-M6-B**
-  White **S-9000/322-M6-W2**

To be used with Steel Cable with M6 Threaded End (Suspension Kit P3 or P4). Bracket to be used in between Track connection.

### Short Pendant Bracket [M6 Bar] (ST6 & ST8)

**S-9500/313-M6**

To be used with Steel Cable with M6 Threaded End (Suspension Kit P3 or P4).

### Pendant Bracket [M6 Bar] (ST6 & ST8)

**S-9500/323-M6**

To be used with Steel Cable with M6 Threaded End (Suspension Kit P3 or P4). Bracket to be used in between Track connection.

### Fast Fixing Clamp M6 for Suspension (ST13)

-  Black **S-9000/119-B**
-  White **S-9000/118-W**

To be used with Bar with M6 Threaded End (Suspension Kit P3 or P4).

### Clamp M6 for Suspension (ST13)

**S-9000-P2/117**

To be used with Steel Cable with M6 Threaded End (Suspension Kit P3 or P4).

### Pendant Bracket (ST15)

-  Black **S-9500/314-M6-B**
-  White **S-9500/314-M6-W2**

To be used with Steel Cable with M6 Threaded End (Suspension Kit P3 or P4).

(See page 2)

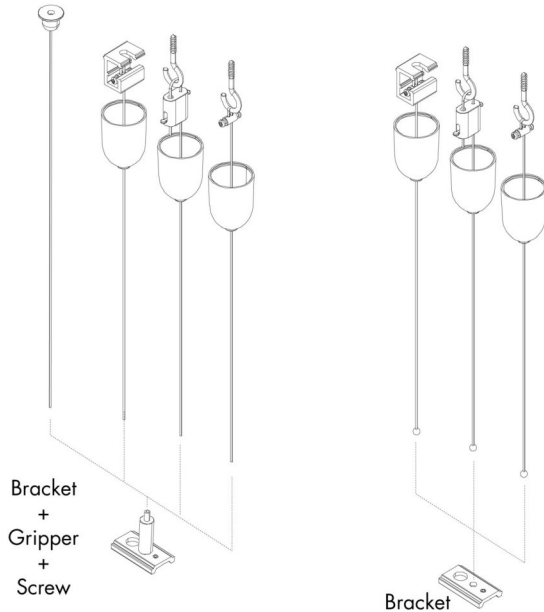

\* Dimensions available upon request.

\* All Suspension Accessories can be purchased as kits or as individual components. (Cont.)

# Yashar Low Voltage (48V) Track

0-10 Volt or DALI Control

## Joining Connector Between Track Connection

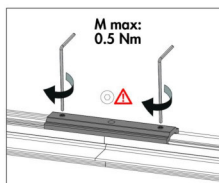

### Pendant Bracket (ST1) / Reinforcement Bracket for Joining Connector (ST13)

Black **S-9500/322-LA-B**  
White **S-9500/322-LA-W2**

To be used with Gripper **S-9000/218**,  
Screw **Vite-902/F** and Steel Cable  
**S-9000/211**.

ST13: 1 x Bracket per Joining Tracks

## Recessed Mounting Accessories

### Recessed Clamp (ST8)

**S-9500/111**  
Black **S-9500/111-B**

### Bracket for Trimless Track (ST3)

**S-9500/315**  
Length 3 in

### Template/Trimless Installation Tool (ST13)

**S-9500/D1-ST13**

To be used during Trimless installation to facilitate fixation of Track.

### Template/Trimless Installation Tool (ST5)

**S-9500/D1-ST5**

To be used during Trimless installation to facilitate fixation of Track.

## Surface Mounting Accessories

### Template/Trimless Installation Tool (ST13)

Black **S-9500/114-B**  
White **S-9500/114-W2**

To be used for Surface installation.
